AMT-A0328 0.4 GHz to 6 GHz
Low Noise, P1dB 1W & Low EMI Leakage Amplifier

Data Sheet

Features
- 0.4 GHz to 6 GHz Frequency Range
- Gain 40dB typ
- Gain Flatness < ± 1.5 dB typ ± 2.7 db max
- Typical Noise Figure < 3.2 dB 5 dB max
- +31 dBm P1dB Typical
- Internally Regulated
- High EMI performance
  DC to RF leakage –90 dBC typ –70 dBC max
- Operates from a Single +15V Supply
- Unconditionally Stable
- State-of-the-Art GaAs Technology

Description
The AMT-A0328 is a Broadband Low Noise amplifier with high power and low EMI leakage over the full frequency range. The performance is achieved through the use of AMTI’s proprietary technology. The amplifier I/Os are Internally matched to 50 Ohms. The AMT-A0328 is ideal for use in communication system, or where amplification is required without adding excessive noise in a Hi-Rel communications

Applications
- Communication systems
- Microwave Radio systems
- Test Equipment
- Point to Point Radios
- Radar

1. Stresses above those listed under "Absolute Maximum Rating" may cause permanent damage to the device. This is a stress rating only and functional operation of the device at these or any other conditions above those indicated in the operational sections of this specification is not implied. Exposure to absolute maximum rating conditions for extended periods may affect device reliability.

Contact us for custom configurations and special requirements.

Our highly experienced team of engineers can quickly identify and implement innovative solutions using latest technology to improve performance and reduce cost.

- Add additional functionality: Input limiter, Temperature compensation, Amplitude/Phase matching, Amplitude/Phase Tracking, Automatic Gain control, Gain sloping, Bypass path, Specific supply voltage, Regulation, Power detector, Health status, and others

- Integrated: Filters, Switches, Limiter, Digital attenuator, Phase shifter, Microcontroller, Multiple amplifiers, Switch matrix, Comb generators and others

- Mechanical: Custom packages - Surface Mount, Connectorized, Waveguide, Carrier, Drop-in, Hermetic and others

Agile Microwave Technology Inc is the logical choice for all your commercial or military RF/Microwave components/module requirements.
